

## UPG Adoption Commitment

Name: \_\_\_\_\_

Email: \_\_\_\_\_

UPG Name: \_\_\_\_\_

### I. Benefits of UPG Adoption:

1. Funds an in-country missionary to evangelize, disciple and plant churches among a targeted Unreached People Group (UPG)
2. Provides humanitarian support / holistic development resources
3. Facilitates interactive and strategic partnership between you and others with a shared Unreached People Group focus
4. Provides the opportunity for an Unreached People Group to be touched with the Gospel as churches are established where there are no churches

### II. Adopter Commitments:

1. I commit to pray regularly for my adopted UPG.
2. I commit to financially support an AIMS Partner Field Missionary.
3. I commit to complete the AIMS online *Introduction to Strategic Missions* training. ([aims.org/online-training](https://www.aims.org/online-training))
4. I commit to read and review all reports from my Partner Coordinator and Field Missionary.
5. I commit to promote greater synergy and increased effectiveness through partnership with other churches and ministries who have also adopted my Unreached People Group.

### III. Financial & Relational Guidelines:

1. In order to promote SELF-SUSTAINING, SELF-PROPOGATING, REPRODUCING, and INDIGENOUS MOVEMENTS, I will refrain from funding projects or people outside of the LIGHT3500 focus.
2. Because the indigenous partners of AIMS have committed to refrain from soliciting funding from AIMS' partners, I will aid in promoting integrity and accountability by reporting any solicitation of funding within the LIGHT3500 process to [aims@aims.org](mailto:aims@aims.org).
3. In the event that I feel led to fund a project above and beyond my initial financial commitment in this adoption, I will communicate with the AIMS UPG Coordination Team.

Congratulations and WELCOME to your Strategic Partnership in LIGHT3500!
